SUMMARY

Technical advisory to get your website rebuild properly priced: a clear brief, the right US developers asked, and three comparable quotes in hand, with a recommendation on which to take. **Advisory until 15 November 2026 is provided free of charge.** After that, concluding the quotes takes about 4 hours of work, billed as a **fixed £1,000**, with the quotes and recommendation delivered by 15 December 2026.

DELIVERABLES

2 × Next.js + Sanity quotes	Two written quotes from US-based developers or studios for building the site on Next.js, with Sanity as the content editor.
1 × WordPress quote	One written quote from a US-based developer or studio for building the same site on WordPress.

The brief	One build brief, sent to all three, so the quotes cover the same scope and can be compared like for like.
Comparison and recommendation	A side-by-side of price, timeline, what each includes and leaves out, and the running costs of each platform, with my recommendation.
Advisory throughout	Calls and messages as needed through the period: questions on the quotes, the developers and the choice between platforms.

NOT INCLUDED

- Building, designing or hosting the website
- Managing the chosen developer once the build starts
- The developers' own fees, which are agreed directly between you and them

TIMELINE

PERIOD	WHAT HAPPENS	COST
4 to 15 November 2026	Free advisory: the brief drafted and agreed, US developers identified and approached	No charge
16 November to 15 December 2026	About 4 hours to conclude: chasing and checking the three quotes, the comparison and the recommendation	£1,000 fixed
By 15 December 2026	Three quotes, comparison and recommendation delivered	

Developers set their own response times, so the 15 December date depends on them replying in time; if one does not, the Supplier will find a replacement where it can.

AGREEMENT TERMS

Once signed by both parties, this quote is the agreement between the Client and Fohm AI (the Supplier) for the advisory above.

01 **Scope and changes**
The Supplier delivers the deliverables above. Anything outside them, such as more quotes, other platforms or managing the build, is a change request: the Supplier confirms the cost and timeline in writing before starting, billed at £100 an hour.

02 **Free advisory period**
Advisory until 15 November 2026 is free and creates no obligation on either side. Either party can stop at any point in that period without charge.

03 **Client responsibilities**
The Client gives the information needed for the brief, answers questions within 5 working days, and confirms it has the rights to any content shared with developers.

04 **Payment**
Invoices are due within 14 days. The Supplier may pause work while an invoice is overdue, and may charge interest and compensation on late payments under the Late Payment of Commercial Debts (Interest) Act 1998.

05 **Third-party developers**
The developers who quote are independent of the Supplier. Their quotes, prices, timelines and work are their own, and any build contract is made directly between the Client and the developer. The Supplier is not responsible for a developer's quote, performance, delays, security or quality, or for any loss arising from them. The Supplier takes no commission or referral fee from developers.

06 **Advice**
The Supplier gives its advice with reasonable skill and care, based on the information available at the time. The decision on which developer and platform to use, and its consequences, rest with the Client.

07 **Ownership**
Once paid, the Client owns the brief, comparison and recommendation, and may share them with anyone. The Supplier keeps its general know-how and templates.

08 **Liability**

Each party's total liability under this agreement is limited to the fees paid under it. Neither party is liable for indirect or consequential loss, including lost profits or revenue. Nothing here limits liability for death or personal injury caused by negligence, for fraud, or for anything else that cannot be limited by law.

09 **Termination**

Either party can end this agreement at any time with 7 days' written notice, or immediately if the other materially breaches it and does not put it right within 7 days of being told. If it ends after 15 November 2026, the Client pays for the paid work done to that point (at £250 an hour, up to the £1,000 fixed fee) and, once paid, receives everything produced so far.

10 **Confidentiality**

Each party keeps the other's non-public information confidential and uses it only for this work. The brief is shared with the developers approached, with the Client's agreement. The Supplier may name the Client and describe the work in general terms in its portfolio unless the Client asks it not to.

11 **Independent contractor**

The Supplier works as an independent contractor and chooses how the work is done.

12 **Events outside control**

Neither party is liable for delays caused by events beyond its reasonable control, including developers not responding, provided it tells the other party promptly.

13 **General**

This document is the whole agreement and replaces earlier discussions. Changes are only valid in writing (email is enough) agreed by both parties. Notices go to the email addresses above. If any clause is unenforceable, the rest still applies. Neither party may transfer this agreement without the other's written consent. This agreement is governed by the law of England and Wales, and the courts of England and Wales have exclusive jurisdiction.

SIGNATURES

By signing, both parties agree to this quote and its agreement terms. A signed copy returned by email is binding.
